## **PROFESSIONAL SUMMARY**

I am a 2D animator skilled in both hand-drawn and rigged animation, with a strong interest in experimenting with colour and mixed media, including paint-on-glass and cut-out techniques. I am an extroverted and curious creative with a strong interest in people, ideas, and visual storytelling, and clear communication, adaptability, and feeling comfortable in fast-paced environments come naturally. I enjoy collaborating, learning through experimentation, and bringing energy and initiative into every project, with a focus on turning observations and experiences into strong concepts and meaningful narratives.
